Technical parameter

- Composition** 100% Polyester
- Weight** 111g/m² ± 5%
- Repeat** 4*6.5cm
- Width** 300cm/118inch
- Color Fastness** 6-7

* The technical data above are averaged values with a +/-5% tolerance. Values quoted in this document are commonly used test results for design purposes. They are given for information only in order to offer our customers optimum usage of our products.

Certification

Health certification
OEKO-TEX STANDARD 100、SGS、BSCI

Warranty

5-years

Fabrication methods

Cutting: cold cut / ultrasonic / crush cut / Laser Seaming / Hemming: thermal / high-frequency / ultrasonic / sewing

Care and cleaning

- Daily maintenance can be dusted with a hair dryer and low temperature blowing;
- We can use a small vacuum cleaner to do comprehensive cleaning,
- In case of stains, please use a sponge or soft cloth dipped in warm water with neutral detergent to wipe;
- To avoid leaving marks, it is better to start from the outside of the stain;
- Do not scrub with hard objects;
- Regular vacuuming, especially you should pay attention to the removal of dust between fabric structures;
- When cleaning the room, the fabric involved in the curtain box tube is to avoid dirty fabric;
- If the thread is found to be loose, do not tear it off by hand and use scissors to cut it flat.
